

# 2022 Cavalier Marching Band Auditions

---

- Test your recording equipment before beginning recording.
- Experiment with different audio levels on your recording device to find a good balance of your loudest and softest playing.
- Be sure you are viewable from head to feet.
- Find a good space that is quiet without distractions.
- Record indoors due to minimize background noise.
- You do not need to perform the music memorized.
- You do not need to record all the selections in one take.
- Listen back to your final recording to be sure the sound and video quality is what you intend.

**GOOD LUCK!**
